### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Wenzel et al. (US '673) does not show nor suggest "the coupling means electrical contact with at least said edge surface of the slot..." as recited in claim 1, lines 6-7. Although Wenzel et al. teaches shorting the coupling mechanism 32 (see fig. 12B) to a wall 29 (col. 11, lines 45-50), it is the examiner's opinion that it would not be obvious to one of ordinary skill in the art to provide an electrical contact with the edge surface of the slot in the device of Wenzel et al. without a secondary teaching.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seungsook Ham whose telephone number is (571) 272-2405. The examiner can normally be reached on Monday-Thursday, 8:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Pascal can be reached on (571)-272-1769. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
